

O God of Life, Your Waters Flow

O God of life, your wa - ters flow And make all life on earth to grow.
Yet greed can rise up to de - stroy The things you give us to en - joy.
May jus - tice roll like wa - ters down And streams of right - eous-ness a - bound.

Your springs rise up and rains fall down On fer - tile field and sand - y ground.
This world too of - ten won't re - spect The things you call us to pro - tect.
May we push on and nev - er cease To stand for jus - tice, truth and peace.

May we be wise to know the worth Of clean, clear riv - ers, sky and earth.

May all your chil - dren take a stand, Pro - tect - ing wa - ter, tend - ing land.
